Novel Study: Nate the Great

Our first novel!

Practicing
reading in
school and
at home.

NATE THE
GREAT
FLIP BOOK

STORY SETTING

NATE IS ON THE CASE!

A FRIENDLY INVESTIGATION

PUT THE PIECES TOGETHER

MY FAVORITE PART

BOOK REVIEW

Librus Updates

What's the Same

- Spelling words are input on Mondays
- Spelling quiz grades are input on Fridays
- Behavior grades are input at the end of each month

What's Different

- An average homework grade will be input each month
- More assignments will be graded in content subjects (mathematics, science, social studies, and art)

Trip Next Week

LEGO BRICK EXHIBITION WARSAW WYSTAWA KŁOCKÓW LEGO WARSZAWA

Science Unit: Objects & Materials
Over 120 Lego models
Science, History, Geography, Math

Teacher Thoughts

in Pictures...

8 Things to Look for in Today's Classroom

by George Couros

1 VOICE

★ Students should learn from others and then share their learning.

2 CHOICE

★  STRENGTH-BASED LEARNING
★ Give students a choice.

3 TIME FOR REFLECTION

★ EVERYONE (teachers, admin, students) should write and reflect on what is being learned.

8 CONNECTED LEARNING

★ Bring experts into your class via social media and video-conferencing.

4 OPPORTUNITIES for INNOVATION

7 SELF-ASSESSMENT

★ Important that students know how to do this.
★ Use portfolios.

6 PROBLEM SOLVERS/FINDERS

★ Give students tough challenges and let them find innovative solutions.

5 CRITICAL THINKERS

★ Ask questions and challenge what you see.

★ Example: Build a hovercraft from a YouTube video!

(yes, it can be done!)
