

January

Grade 0 Newsletter – January in Review

Happy 2020! We are back in the swing of things here at The International School of Warsaw! We have been busy getting used to routines and learning. Excited for Winter Break in February!

In English Language, we have been working hard with new sight words. We have been learning winter vocabulary words and perfecting our letters. We are going to continue to work on sight words in the coming months.

In Mathematics, We have been practicing counting our letters and have been practicing addition and subtraction. We love to sing

to practice our letters as well as play games that help with remembering!

In Social Studies, learned that it is important to be aware of global diversity. Everyone around us is different! We embraced each other and were reminded that it is okay to be different.

In Science, we learned about the importance of going to the doctor and to keep germs away. We made pictures of what we thought germs looked like to spread awareness. We did a fun experiment with pepper and soap which showed the importance of washing hands. We also talked about

the importance of Recycling. We had many great examples of what we can and cannot recycle.

In Art, we recently learned about the artist Pablo Picasso. We talked about Cubism and then we created our own faces from shapes. They turned out great! We also created fireworks from toilet paper rolls to show welcome 2020!

Looking forward to another amazing month!

Happy January!

Miss Sara

Look how much fun we have!

IMPORTANT DATES:

2/3 Field Trip to Lego Exhibit
