

September

Grade 0 Newsletter – September in Review

Dear Parents,
It has been a fun first month here with the kids. We have been busy in the classroom and have accomplished a lot in September.

We kicked off the school year with reviewing the numbers and letters. Each week we focused on a different letter and number and went in depth with how to identify the letter, the

sound, how to write in numeral and word form. We have focused on A, B, C, D and numbers 1, 2, 3 and 4.

The children love to sing our daily songs and listen to stories in class. The students have been learning to identify the seasons and the daily weather.

We have been busy with creative arts and games. Some of the things we made in September were

Autumn Crafts and Letter Crafts.

The children have been enjoying learning about the seasons. As we enter a new season, October will bring us a chance to learn about things that occur in Fall such as the changing of leaves, dressing for the new season and holidays in Fall (Halloween!).

The children have been learning about Families as well including members, and extended family.

Miss.Sandra

IMPORTANT DATES:

4th October- Empathy Day

11th October- Thanksgiving

29th October- Pumpkin Day

Pictures, pictures, pictures!
