## Grade 2 Newsletter – September in Review

Dear Parents,  
It has been a great first month here at the International School in the Grade Two classroom. I hope you are enjoying this time of the year as the new season kicks in.

The students have been learning to add two digit numbers and estimate numbers to the nearest ten. We have been learning to round numbers by playing games and

solving problems in class. The 'Reindeer Round Up' game was a fun yet challenging activity for all students in the classroom.

The children have been learning about the continents and oceans through songs and hands-on activities.

We have been busy learning about the Butterfly Life Cycle in class and focusing on identifying the

different phases of the cycle from the egg all the way to the butterfly through a process called Metamorphosis.

In art, the students have been making many crafts for the new season and have been decorating the classroom with autumn wreaths and illustrations. They have also been learning to experiment with different colors and shades in their art work.

## Pictures, pictures, pictures!

## IMPORTANT DATES:

4<sup>th</sup> October- Empathy Day  
11<sup>th</sup> October- Thanksgiving  
29<sup>th</sup> October- Pumpkin Day
