

february

Grade 1 Newsletter – February 2022 in Review

Introduction... For being the shortest month of the year, it seemed like February lasted forever! And we only had 2 weeks of school because the month started with winter break! It was great to get back to school and to get back to normal teaching.

In English Language, we read "Nate the Great" together in class. I was very impressed with how well the students were able to read the book out loud! At the end of each section we read, we wrote a summary of the section together to help us remember the important details. We also got back in to the routine of spelling lessons and quizzes! We continue to practice reading at individual levels and pace with

kidsa-z.com each Tuesday. We have also been practicing for the spelling bee!

In Mathematics, we started learning about the money of Canada. A couple of coins have unique names: loonie and toonie!

In Social Studies, we learned about landforms.

In Science, we started a unit on insects. We learned that all insects have 6 legs, 3 body parts, antennae, and an exoskeleton.

In Art, we colored a Piet Mondrian abstract and drew and colored a grasshopper.

Happy February!

Ms. Sue

IMPORTANT DATES:

- 2 March – Spelling Bee – class competition
- 9 March – Spelling Bee – school finals
- 11 March – Math Day
- 17 March – Saint Patrick's Day
- 21 March – First day of Spring
