

March

Grade 2 Newsletter – March in Review

Dear Parents,
March has been an exciting month for the students in Grade 2.

During this month, we were busy talking about St.Patrick's Day and preparing for the Spelling Bee. The students worked so hard to spell the words out loud and I am so proud of all of them! We also talked about International Women's Day and why it's

celebrated all over the world!

In Language Art, we looked at regular and irregular verbs and focused on putting them in sentences. The students also played grammar games on our class smart board.

In Maths, we have been looking at different types of graphs. The students learned to identify pictographs, bar

graphs and line graphs.

In Science, we learned about the characteristics of amphibians and mammals. The students did an amazing job on their science presentations this month! Well done!

In Art, the students made crafts for St.Patrick's Day & for Spring.

Happy Learning!

Miss.Sandra
