

MARCH CLASS UPDATE!

Grade 7 with Mr. Riley

A Pot of Educational Gold!

English language arts

Students read several articles about topics such as climate change and mask usage. They also wrote an essay about what they would do if they won a million dollars and how they would help people if they had a lot of money.

Science

We learned about infectious diseases such as COVID-19 and how they spread. The students completed a presentation about how people should protect themselves from bacteria and disease.

Social studies

Students learned about endangered species and the effect that they have on the environment. Students also made a poster about an endangered species of their choosing and presented it to the class.

Math

The class learned all about patterns and how to use them in a practical context. They also furthered their studies of algebraic equations and made some example questions of their own.

For April,

We'll finish reading *The Book Thief* and create a new project based on the novel.

HOPE YOU WERE LUCKY ALL MONTH LONG!
