

## Grade 3 Newsletter – April 2022 in Review

Introduction... I was able to spend my birthday and Easter with my family in Wichita, Kansas earlier this month. That was wonderful a time with friends and family! Unfortunately, I also spent some time in the hospital as I was very sick with pneumonia. That was not wonderful. I am still recovering from the illness, but am improving each day.

In English Language, we are reading the novel, "Gulliver's Travels" by Jonathon Swift. Gulliver has many interesting experiences in his travels. We also spent time preparing for the English Speaking Contest. Congratulations to the top four speakers: Zoia, Oliwia, Alexandros, and Kuba. Zoia will represent our class in

the school competition on May 11, 2022.

In Mathematics, we worked on improving our multiplication and division understanding. We will wrap the unit on Thursday, 5 May with a quiz.

In Social Studies, we continued to learn about Canada and it's unique geography.

In Science, finished the unit on Newton's Laws of Motion.

In Art, we learned about Edvard Munch and recreated his famous work, "The Scream".

Happy April!

Ms. Sue
