

# September

## Grade 0: September in Review

Introduction...

In our first month of Grade 0 we got to know each other with our weekend shares and End of the Day jar!

In English Language,

We read and wrote letters A through F while also learning the sounds they make with the class's favorite song "Pump Up Your Muscles!" We also worked on sight words and CVC words.

In Mathematics,

We reviewed counting from 1-10 and worked on our number sense using playdoh, Legos and puzzles. We even worked on problem solving with math riddles.

In Social Studies,

We learned about the names of family members, then built our own family tree. We drew what we want to be when we grow up as well as our favorite food in our "All About Me" book!

In Science,

We looked at powerful weather including thunderstorms and tornadoes. We made electricity with balloons and tornadoes in a bottle!

In Art,

We learned the primary and secondary colors and the colors they make!

Happy September!  
Miss Kelly

### IMPORTANT DATES:

October 11th: Polish  
Museum of  
Independence

October 28th: Halloween  
Festivities
