

October

Grade 1 Newsletter – October in Review

Introduction...

We finished September with Empathy Day and created an invention to help those who can't walk! This month, we made a promise to ourselves, our families and the school at the Oath Ceremony. We finished with a trip to visit the firehouse!

In English Language,

We learned about types of communities, the verb "can," plus possessive adjectives and apostrophes!

In Mathematics,

We got creative with our "Step by Step Project," which involved teaching an activity using sequencing and ordinal numbers.

In Science,

We learned the five senses and their corresponding sense organs. We used our knowledge to complete the "That Makes Sense" activity where we put all of our senses to use!

In Social Studies,

We learned about special people in our communities and the roles they play in them.

In Art,

We learned about Frida Kahlo and Wassily Kandinsky. We imitated the works of Frida Kahlo by drawing colorful still lives, and the works of Kandinsky by envisioning music as abstract art.

Happy October!

Miss Kelly

Pictures, pictures, pictures!
