

# Grade 4 December News

## Language Arts

Students finished reading their "Charlotte's Web" novel as a class and have started their next novel called "Tales of a 4th Grade Nothing." Students have also been focusing on reading more about 'plays' and how to direct their own plays.

## Mathematics...

Students have been getting the hang of long division with remainders. They have also started learning about perimeter and area.

## Science...

Students turned in their first homework assignment on food webs and food chains.

They are active participants in class!

## History...

This month, students have tackled quite a few topics. We read about and listened to information about John Sobieski, Tadeusz Kosciuszko, and Napoleon and the Poles. We took a virtual tour of the Royal Castle in Warsaw and learned a bit about its architecture.
