

Grade 6 February News

Language Arts...

Students were happy to celebrate the 100th lesson with some 100 second challenges.

We continued our poetry journey by looking at haiku poems and crating one for February. We began reading a novel out loud in class and working in reading journals in order to better understand the text and practice our listening comprehension skills.

Mathematics...

Students have been able to review and use the newly found formulas of math. Making connection inside and outside the classroom will all they have been taught.

Science...

Students did a great job exploring arthropods and amphibians. Students will continue with other kinds of animal classifications into March.

History...

We began creating borchures about the American Revolution. Students have to identify the orginal settlements, understands the Boston Tea Party, the course of the Revolution and its important players.
