

Grade 8 March News

Language Arts...

Students are working on the differences between adjectival and adverbial phrases.

Spending time with sentence diagramming, they are building on how to identify prepositional phrases so as not to confuse the noun in the subject from the object of the preposition. We read "The Rhyme of the Ancient Mariner" together in class and will be finishing Unit 4 on what home means by Easter. Expect to see the creative art of these kids, too! The Stasiu...

Mathematics...

Just like most other grades in the school, students had the chance to learn about financial literacy through Mr. Stock's reward system known as "Stock Bucks." Learning how inflation works, along with what skills are needed to maintain money.

Science...

Students are doing a great job in working with inquiry, finding sources, and summarizing information from the Polish curriculum. We're going to try to add more reading and speaking activities through Easter and completing a unit on Ecology.

History...

Students learned about the Solidarity movement in the 1980s and the role that Pope John Paul the Second played in the revolution. We covered what life was like under martial law and the eventual crisis that led to the fall of the USSR.
