

Grade 0 Newsletter – April in Review

Introduction...

This month we celebrated Easter, Francophonie and Earth Day, hooray!

In English Language,

We practiced the sight words *not*, *but*, *we*, and *what* while also learning about punctuation! We completed our noun unit with proper nouns, and had an introduction to verbs with a Noun/Verb Easter egg hunt!

In Mathematics,

We continued practicing subtraction and word

problems, combining our new reading skills with problem solving. We solved Earth Day riddles with addition, like this one: What type of tree fits in your hand? A palm tree!

In Social Studies,

We sang a groovy song about American symbols like the Statue of Liberty, bald eagle, Liberty Bell, Mount Rushmore and others. We also covered Canadian symbols and landmarks with a funky A-Z Canada rap song!

In Science,

We dove into 2D and 3D objects, composing and decomposing new shapes. We did a scavenger hunt, identifying both types of objects in our world. We also learned about Earth Day, and made a mobile, naming ways we can help the planet.

In Art,

We made designs on Easter eggs and did some Earth Day art, like dot coloring to help our motor skills. We ended with a flower painting since April showers bring May flowers!

Happy April!

Miss Kelly

Pictures, pictures, pictures!
