

# May

## Grade 0 Newsletter – May in Review

Introduction... We had our first European Festival, where we gave a presentation on facts, famous people and delicious foods from Italy!

In English Language, We learned more about verbs, memorized new sight words and began learning about "Silent E" words. We created a word web about duck and wrote a short

paragraph on these semiaquatic creatures!

In Mathematics, We focused on solving word problems and practiced our addition and subtraction skills. We sorted and ordered objects from short to tall and heavy to light.

In Social Studies, We defined "wants" and "needs." We named some of our own wants and needs and then sorted them!

In Science, We concluded learning about the movement of different objects, then began learning about the needs of living things. We made a living things mobile to top it off!

In Art, We made our own gondolas and celebrated Mother's Day with a craft cupcake coupon booklet!

Happy May!

Miss Kelly
