

# May

## Grade 1 Newsletter – May in Review

Introduction...

We learned about the Czech Republic for the European Festival and presented interesting facts, people and foods to our school!

In English Language, We learned about the simple past tense and more on vowel teams. We explored the jobs of chefs and crew members in our unit story "Life on a Cruise Ship."

In Mathematics,

We learned the difference between days and the dates, including various holidays throughout the world. We examined important dates on our school calendar. Then, we named the months of the year. Lastly, we began learned how to tell the time by the hour and half hour.

In Social Studies, We made a "My Bodies of Water" booklet filled with information about

oceans, rivers, lakes, ponds and gulfs!

In Science, We took a look at natural and manmade structures, comparing how manmade structures can resemble the structures made by animal architects.

In Art, We created traditional Czech crafts with yarn, made a pointillism self-portrait and started summer crafts!

Happy May!

Miss Kelly

## Pictures, pictures, pictures!
