

Grade 5 September Newsletter

Language Arts...

Sharing is caring, the focus has been teamwork and how important it is to be working with others. The stories we have been reading in class have taught the students the advantages of sharing and helping others.

Math...

Students began the year with a short "All About Me in Numbers" Project to review simple equations. We are currently practicing the order of operations with BEMDAS, Brackets, Exponents, Multiplication, Division, Addition and Subtraction.

Science...

The main focus has been the different types of fields in Biology, what is an organism and how some organisms can be seen under a microscope.

History...

We are thrilled to be starting a new academic year and we begin our journey with ancient civilizations. Students have already started working on posters about: Mesopotamia, Ancient Egypt, Ancient China, Ancient India and Ancient Israel. They are also practicing their presentation skills.
