

Grade 7 September Newsletter

Language Arts...

Back to School is always a time for great transition and getting back into the habits of good students. In class this month, we have looked at three readings in unit one of the Keystone Books. We already practiced writing descriptive text and looked at figurative language. We began reading "*The Maze Runner*".

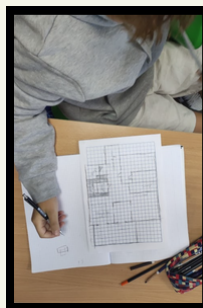

Math...

Students began the year with a short "All About Me in Numbers" Project to review order of operations. We also worked in groups to create a Calendar Project that focused on solving problems with brackets and exponents.

Science...

The structure and functions of the skin, students have learnt about the ageing of the skin, how the skin is protected and the different types of diseases/illnesses.

History...

Students are super busy working on group projects already. They have created and presented Slides about the Industrial Revolution. Students researched steam engines, steamships, locomotives, city life and how things have changed during this time.
