

# November

## Grade 0 Newsletter – November in Review

Introduction...

We learned about Thanksgiving foods with our Thanksgiving Shopping project! To celebrate our hard work, we ate homemade sweet potato casserole and cranberry pie!

In English Language,

We learned the names of Thanksgiving foods and also sorted various items into categories! We continued our alphabet and sight word work and also sorted fact and opinion sentences for our "summer vs. winter" writing!

In Mathematics,

We started learning to count, identify and write numbers 11-20. We also began simple addition and subtraction.

In Social Studies,

We finished our unit on community helpers by naming their jobs, their tools and places they work. We drew pictures of what each community helper has the authority to do. Now, we'll take a look at traditions around the world!

In Science,

We finished our animals unit after learning about zoo, farm and sea animals. We began exploring and observing properties of seeds and will soon grow our own seeds in a mini greenhouse!

In Art,

We painted our hands for a Thanksgiving turkey craft and also started learning about self-expression and identity with the story "Chrysanthemum." Soon we'll be decorating for the holidays!

## Pictures, pictures, pictures!

Happy November!

Miss Kelly
