Grade 0 Newsletter - November in Review

Introduction

The month of Thanksgiving came and went! We celebrated with bracelet-making, a corn kernel relay race, made Turkey glove snacks and read the book "The Littlest Pilgrim."

Language Arts

We continued with CVC words with Thanksgiving CVC Bingo! We continued with sight words too. We learned about sorting words into categories like foods, clothing, vehicles and more!

Mathematics

We added and subtracted to ten and worked on counting from 1-20, emphasizing the teen numbers. We had an introduction to skip counting by 2's, 5's and 10's too!

Social Studies

We read the book "The Littlest Pilgrim" and examined how it feels when we are too little to help, and what chores we like to help with at home. We also reviewed the goods and services community helpers provide.

Science

We learned about how seeds grow into plants and what they need to survive. Students made bean sprouts in ziplock bags to watch the growing process. This project helped students understand how plants develop from seeds.

Art

We made pilgrim hats, drew what we were grateful for on our "Thanksgiving Plates" and painted flint corn using bubble wrap! Afterwards, we even got to pop the bubble wrap!

Pictures, pictures, pictures!

Important Dates:

- December 6th - St. Nicholas Day
- December 19th - Christmas Performance & Gathering
